## Acknowledgements

There are many people without whom this thesis would not have been possible. I am extremely grateful to them for their help, guidance, advice, and moral support. I would like to thank the following people:

My advisor, Dr. Jo B Paoletti, for her guidance and advice.

Dr. Sandra Underwood of St. Mary's College of Maryland who taught me much about writing and who introduced me to the joys of art history.

Marsha Goodell, Leslie Ralston-Rakow, Christian Smith, and Kate Spears for their help with developing and pre-testing the categories. More thanks to Christian for scanning my artwork and helping me with computer advice and to Kate for the proofreading she was able to do.

Bill Grobbel for the loan of his printer and for his patient efforts to get it working with my computer.

Most importantly, Ken Reed, my beloved husband, who gave his full support to this project, moral, physical, financial and otherwise.
